The Benefits of Adding Recycling to Your Property

**By: Christine Chessler-Stull;
Outreach & Zero Waste Coordina-
tor for Recycle Ann Arbor**

Earth Day (April 22nd) is that one day a year where we all can choose to do something simple to better the environment. Deciding to provide recycling options to your residents is possibly one of the easiest ways to “go green” this Earth Day.

Each day, the average U.S. resident produces 4.4 pounds of waste- much of which ends up in the landfill but could potentially be recycled or composted. Recycling helps curb green house gas emissions and pollutants in our air and water, as well as reduces the consumption of finite natural resources.

Besides being good for our environment, recycling can also provide direct benefits to property managers and their residents. According to a survey in the National Apartment Association Magazine (Oct, 2013) 68% of residents described recycling as the preferred “green feature” they look for when choosing to move to a new property. Additionally, managers who have in-

troducted recycling have noticed a cost-saving benefit associated with reducing the frequency of trash dumpster collection as recycling participation increases. Also, in some cases, increased waste (recycling) disposal options on-site have decreased

litter strewn around a property.

Community managers should choose to involve their residents in the recycling process by recruiting an on-site “green team” to monitor collection, while also educating and encouraging tenants. Proper education of recycling guidelines can also go a long way in assisting the maintenance staff. Presumably, if the residents are feel-

ing empowered and recycling “right” then there should be minimal new challenges for management or the maintenance staff.

Although Recycle Ann Arbor currently provides curbside recycling only within the City of Ann Arbor limits, our other divisions can be of service to surrounding counties. Our Drop-Off Station and Jackson Rd. Facility (formerly Calvert’s) provide options to dispose of general recyclables, but also “bulky items” such as electronics, mattresses, tires, and yard waste. Our ReUse Center accepts donations of reusable furniture, housewares, and building materials that the public can then purchase at affordable prices. For services and disposal fees for each division please visit recycleannarbor.org

Ready to consider curbside recycling for your residents? The initial step is to figure out who your waste hauler will be and what service fees may apply. Your waste hauler will vary depending on the city and county that your property resides in so check with your local municipality first.

Presidents Message: by Amy Khan

Happy Spring Everyone! With spring finally here we have some great events coming up that you will definitely want to get out of the office and attend.

Our biggest one being the **Annual Association Education and Trade Expo and Maintenance Mania, Tuesday April 8th**. If you have not already signed up your maintenance team you still have time. Last year a couple of my amazing techs participated for the first time and really had a lot of fun. The team building and fun from that one afternoon really carried on into their work days throughout the year.

Our keynote speaker **Leah Brewer is really inspiring**. I have had the opportunity to hear her at National Events and always walk away with great new ideas. ([see page 5 for more information](#))

Start getting your group together to join us at the **MudHens game in Toledo in May**. We are partnering with the new Toledo Chapter and looking forward to a fun evening of baseball, hot dogs, networking and perhaps an ice cold beer. Opportunities like these to network with our peers is one of the best benefits of the association. I have made many new business contacts as well as friends by attending WA3 events like these events over the years. I would love to make even more friends and contacts so call the office and sign up today. Have a safe and healthy April and as always please do not hesitate to contact me if I can be of any help to you.

March GMM with Mia McNeil

Mia McNeil, Partner with Kelley Cawthorne and lobbyist for the Property Management Association of Michigan, joined the Apartment Association at its monthly meeting to bring everyone up to date on the initiatives of the PMAM legislative committee on your behalf. This also serves as a primer for what we will be discussing with our legislators at the PMAM Capitol Day next month. Below is a list of the initiative they are working on and an invitation to attend the Capitol Day on behalf of WA3.

- ◆ Senate Bill 657 which addresses the Bedbug situation and provides procedure and responsibility allocation for landlords and tenants.
- ◆ House Bill 4025 which changes court procedures in the service of process.

- ◆ Senate Bill 783 that would allow you to restrict the smoking and growing of medical marijuana in your rental housing.
- ◆ Senate Bill 313 (introduced by AAM) that would restrict registration fees to only once or when the property changes hands, includes restriction that tenants must grant permission for inspection to happen and restricts municipalities for collecting on the inspection prior to it happening.

EO Message: by Alice Ehn

This issue is full of exciting information not only from what we are working on in the legislative arena but also the events and training we have coming up in the next few months.

To the right is an invitation to the PMAM Capitol Day in Lansing along with the issues that Mia talked about at our past General Membership Meeting. On page 3 you will find the issues and information from the NAA Capitol Conference. You can find more information on that at the NAA website of www.naahq.org.

Make sure you click on all the information you can in this issue. (there are links everywhere) We are looking forward to a great Education Trade Expo and Maintenance Mania next week. Get signed up and get a ticket to win **\$500 Visa Gift card** just for coming to the tradeshow. On the front of this issue is a link to the VIDEO of our 2012 Maintenance Mania event. Get this link to your maintenance and encourage them to come and play for a few hours of fun before the crazy rental seasons begin. Everyone works harder with a little bit of fun added into their day. Let us know what you think of the newsletter and if there are any improvements we can make to keep everyone informed/

PMAM Capitol Day — May 7, 2014

NAA Capitol Conference — Apartments, The New Housing Resource

The apartment industry is a competitive and robust \$1.1 trillion industry that helps 35 million renters live in a home that's right for them. We help build vibrant communities by offering housing choice, supporting local small businesses, creating millions of jobs and contributing to the fabric of communities across the country. And we are increasingly important. Up to half of all new house holds formed this decade could be renters. And that's good news. Meeting that demand will create millions of jobs. To get there, we need new public policies that support the multifamily housing industry that don't

make it harder for renters and their families to find the housing that makes sense for them and their community.

One week in March, rental housing providers, such as yourself, from all over the United States and members of NAA, met at the NAA Capitol Conference to bring industry issues before their legislators as advocates for your industry. Using the information learned at the issues briefing, advocate education sessions and other events, industry professionals met with legislators to influence them and their staff about what affects you and your business. Pictured left is representatives from the

WA3 and the Property Management Association of Mid-Michigan meeting with Representative Tim Walberg (R), 7th Congressional District.

The issues discussed included:

- Disparate Impact
- Immigration Reform
- Housing Finance Reform

All issues can be found on the NAA website at www.naahq.org.

All classes will be held at the Home Builders Association of Toledo training Center, 1911 Indian Wood Circle, Maumee, OH 43537....just a short 51 minute ride for the best education possible.

There is something for everyone with topics on Leasing, Marketing, Management, Operations, Technology and Maintenance.

April 16—Rich George—Fair Housing – *There's No Place Like Home*

Lawsuits and Litigants and Legalese...Oh my! Take the fear out of Fair Housing through better understanding.

June 11—Jackie Ramstedt—Rent Increase Strategies: *The Team Approach to Raising Rents with Courage, Critical Thinking and Care*

It takes the right team and the right path to get to your Emerald-green goal of increasing cash flow and NOI. When it's time to raise the rents, your team must be singing the same tune arm-in-arm.

September 24—Mark Cukro—Oiling the Tin Man and other Preventative Maintenance Tips

We all get a little rusty at times, but with a little bit of care and attention, we can keep our properties running smoothly and efficiently. When we treat our assets like an old tin man left out in the rain they will seize up and stop producing the revenue that pays our salaries.

November 12—Rebecca Rosario—Multicultural Marketing: *Are you a Good Witch or a Bad Witch?*

Stereotypes are hard to break, for example...are all witches ugly? Our perceptions of other cultures, people and beliefs can impact our actions and ultimately, our bottom line.

Associate Spotlight: PPG with Maintenance Tips for Graffiti Remover

- 1) Graffiti on smooth surfaces can be removed with little effort with the Worlds Best Graffiti Wipes. It's as simple as opening up a safe wipe pack and rubbing the tagged area and watching the graffiti disappear. Rinse area after you have finished removing the graffiti
- 2) Graffiti on brick, stone, and masonry apply product with brush or sprayer then rinse with a small low pressure washer this product has a 98% rate with one application
- 3) Graffiti on sensitive surfaces use the sensitive surface graffiti remover to protect the coating underneath the graffiti. You can brush this product on then wipe off with a moist absorbent towel.
- 4) Have an old building use the Heritage graffiti remover applied by brush then sprayed off with low pressure power washer. This product will protect the old bricks and stones.
- 5) Graffiti that's been there a LONG time use TransGel allow product to work into

the surface then rinse away with low pressure washer also works great on asphalt

If you would like any info on the Worlds Best Graffiti Remover products please contact Jason Wilhoite (734) 417-4758

Volunteers Needed

There are hundreds of ways to help out. When volunteering to serve on a committee, it's easy to find a rewarding way to strengthen the association and make a difference in your own career. The committees are forming now for 2014 and below is a very brief description of each committee. The association is hoping to add technology to the meetings this year to make it easier for members to attend and keep up to date on what is happening.

LEGISLATIVE---Monitors all legislative activity locally and evaluates WA3's position on state legislative initiatives. Is encouraged to participate in the Capitol Day for PMAM. Meets monthly on the 1st Monday at 4:00 at the association office.

PROGRAM---Plans all General Membership Meetings, obtains speakers, plans all Special events including but not limited to Golf Outing, Ball Game Outing and the Holiday Events. Meets monthly on the 3rd Tuesday at 3:30 at Guy Hollerins in Plymouth Rd.

NEWSLETTER---Insure publication of newsletter monthly and obtains advertising for the annual directory and newsletter. Secures the articles and permission for the articles usage, obtains Association Spotlights, and other content information for the newsletter. Independent study committee that requires a number of divided tasks. Meets occasionally as determined.

EDUCATION--- Plan all in person education classes for the following year, selects all online classes to be offered, researches speakers for Education portion of the Trade Show and maintains progress of the current year class schedule. Meets monthly on the 3rd Wednesday at 1:30 at the association office

MEMBERSHIP AND MEMBERSHIP SERVICES ---

Responsible for promoting and gaining new membership and increasing services to members. Meets monthly on the 2nd Tuesday at 12:00 at association office

PMAM LEGISLATIVE---Helps track legislation at the State Level. Meets once per month in Lansing on the 4th Tuesday of every month at 8:00 am at KMG offices in Lansing.

PMAM GLASTAR---Willing to meet in Lansing to plan GLASTAR education day and awards banquet. Meets at 10:00 am at KMG offices in Lansing.

NEW WEBSITE AND MARKETING TASKFORCE--- Make the decisions for the NEW website and help move the marketing of the association forward
